

FOOTWEAR 2022

Official Shoe

INTRO

COMFORT, STYLE & PERFORMANCE.

NITRO SERIES

Amazing new shoes built for comfort without any loss of performance. The incredible Nitro Blaze and Nitro Pro are the first shoes globally to feature our brand new Crush Foam® technology and is well worth the wait!

CHEV SERIES

Lightweight and waterproof core product with straight out of the box comfort. Introducing the Chev LS and Chev Ace are sure to become industry favorites.

SKY SERIES

Introducing the amazing Aurora shoes, the Sky Series is built on a combination of ultra-lightweight performance features designed to reduce energy loss. So not only do the shoes look stunning you will still feel fresh after 18 holes.

Our objective is to provide comfort straight out of the box and to deliver no more tired feet at the end of your round.

Our team have called upon decades of knowledge and experience coupled with using the most up to date technologies to achieve our goals with a stylish flair.

We're very confident you'll love the end result.

Lafe Christopherson | Senior Director Footwear | Callaway

SKY SERIES

PRODUCT RANGE

NITRO SERIES

BUILT FOR
COMFORT WITH
NO LOSS OF
PERFORMANCE.

Amazing new shoes built for comfort without any loss of performance. The incredible Nitro Blaze and Nitro Pro are the first shoes globally to feature our brand new Crush Foam[®] technology and is well worth the wait!

KEY FEATURES

NITRO SERIES | NITRO BLAZE

New Multi-Terra TPU spikeless sole. Great traction on all surfaces

Engineered traction lugs suitable for all terrains

Micro thin waterproof bellows tongue. Prevents water ingress through the tongue area

Deep Ortholite® moulded footbed. Ultra comfortable, anti-microbial and machine washable

Opti-Vent® mesh liner for breathability and heat management

Microfiber and technical no sew fused mesh upper. Designed to be waterproof from the outside in

New Crush Foam® technology midsole. Amazing shock absorption and high rebound properties means no more tired feet.

TPU support cage and sport Oxford lacing system combine to give great structural support and stability

KEY TECHNOLOGIES

Crush Foam® Technology

New Crush Foam® midsole technology produces shock absorption and energy return properties which means no more tired feet.

Waterproof bellows tongue

A clever piece of micro thin engineering means that any water ingress through the laces and tongue area will not penetrate into the shoe and get your feet wet.

Ortholite® Comfort Insole

Ortholite® moulded comfort insole provides maximum comfort and support.

- Long-lasting cushioning
- Moisture wicking
- Antimicrobial

Ortholite®
comfort from the inside out

A secondary set of fashion laces in a complementing colour are included.

NITRO SERIES

NITRO BLAZE

Is there a more comfortable golf shoe?... A fast looking super soft micro coated mesh upper combined with Ortholite® and Crush Foam® midsole energy return technology. All supported by a TPU saddle structure and the new Multi-Terra TPU spikeless outsole.

KEY FEATURES

KEY TECHNOLOGIES

Crush Foam® Technology

New Crush Foam® midsole technology produces shock absorption and energy return properties which means no more tired feet.

Special heel construction

A lightweight welded construction to remove unnecessary friction points.

Multi-Terra TPU Spikeless sole

New Multi-Terra TPU multi directional spike less sole. Great traction on all surfaces.

NITRO SERIES

NITRO PRO

The soft microfiber fused upper Nitro Pro sets a new bench mark for super lightweight waterproofing. Whilst the Crush Foam® energy return technology midsole, and new Multi-Terra TPU spikeless sole deliver industry leading comfort and traction.

footbed for maximum
cushioning

Super soft
premium full grain
leather upper

Waterproof / breathable
full bootie membrane

Opti-Soft foam midsole
for lightweight shock
absorption

Sport Oxford lacing for
an accommodating fit

KEY TECHNOLOGIES

Full grain leather upper

The softest full grain performance leather for a sumptuous look and feel.

Full bootie membrane

A waterproof and breathable membrane sock laminated to the lining of the shoe that cocoons and protects you from water ingress right up to the top of the collar and tongue.

Fusion-Lite TPU Sole

Designed to provide optimal support and structure while allowing great underfoot feel and traction.

A secondary set of fashion laces in a complementing colour are included.

NITRO SERIES

APEX CORONADO S

Tour proven cleated performance shoe with full grain leather upper and full bootie membrane. Supreme lightweight comfort combined with sleek good looks have proven this to be a well trusted elite product.

SKY SERIES

IMPECCABLE
STYLE
MEETS SERIOUS
PERFORMANCE.

Introducing the amazing Aurora shoes, the Sky Series is built on a combination of ultra-lightweight performance features designed to reduce energy loss. So not only do the shoes look stunning you will still feel fresh after 18 holes.

KEY FEATURES

Uphill-downhill traction elements

Dynamic rubber spikeless sole with multi-directional traction elements

Moulded EVA Opti-Foam footbed

Opti-Vent® mesh liner for breathability and heat management

Soft high performance microfiber upper

Athletically inspired upper design and last shape, for a very accommodating comfortable fit.

Sport Oxford lacing for an accommodating fit

Opti-Soft® foam midsole. High shock absorption properties and incorporating a new external heel support structure.

KEY TECHNOLOGIES

Performance microfiber upper

Super soft, yet constructed in panels to provide support where needed.

Opti-Soft® foam midsole

High shock absorption properties and incorporating a new external heel support structure.

Spikeless rubber outsole

Carefully and dynamically designed to create a solid platform and comfort required for the serious golfer including uphill-downhill traction elements.

SKY SERIES

AURORA

The waterproof Aurora is designed to stand out from the crowd with its high fashion retro athletic looks on a stunning modern sole unit. Sumptuous comfortable materials and attention to detail make this a quality winning combo.
